# Messages: DHS Cabinet Secretary & WV DCR Commissioner

The West Virginia Department of Homeland Security and the Division of Corrections and Rehabilitation (DCR) are honored to present the FY 2021 annual report.

Since 1863, West Virginia corrections have protected our citizens from some of the most dangerous criminals in the world and helped rehabilitate criminals to become productive members of society. Also, since 1863, many things have changed, but the DCR has become a leader in safety, innovation, inmate education, and employee training. This past year, the accomplishments achieved by DCR are clearly outstanding.

The COVID-19 pandemic has brought new challenges to all West Virginians, especially the important task of safely incarcerating over 10,000 inmates and providing a safe working environment for over 3,400 employees. I submit that the DCR along with the leadership of West Virginia Governor Jim Justice, has done an outstanding job.

Sound leadership includes financial stability. During the past three years DCR has saved West Virginia counties \$67.1 million in their jail bills.

The employees of DCR are the unsung heroes of West Virginia.

Jeff S. Sandy, Cabinet Secretary, CFE, CAMS

Every day in West Virginia, the Division of Corrections & Rehabilitation is responsible for keeping the state's jails, prisons, and juvenile centers up and running. There are no "breaks" or "days off." As an essential public safety agency, the DCR operates twenty-four hours a day, seven days a week. On any given day, there are over 10,000 offenders and residents in our facilities. Throughout every weekday, weekend, and holiday, DCR staff members report to their duty locations, work their posts, cover the backs of their fellow correctional workers, deal with hardships and endure distresses that the outside world cannot possibly imagine, supervise offenders on parole, support those in the field, and provide appropriate rehabilitation services to offenders, all to further our mission of both protecting the safety of West Virginia's citizens and ensuring opportunities for our incarcerated population to return to their communities as productive and responsible citizens. The ongoing pandemic dictates that we continue adapting to new challenges, and we are "doing more with less" in several ways, including dealing with the serious staffing

shortages we are facing across the Division. And tragically, we have mourned the loss of our co-workers who lost their battles with COVID-19. This is the DCR's reality. We are always "on," and I especially want to recognize and thank our determined and dedicated staff who have withstood these challenges and who continue to serve and persevere.

Despite the pandemic's health and staffing challenges, we nonetheless have continued to develop and enhance our offender services. This past year we have implemented several legislative mandates.

House Bill 3304, passed during the 2021 regular session, included provisions for expanding the state's work release facilities. I'm proud to report that additional work release units have been established at Huttonsville Correctional Center and at Northern Regional Jail & Correctional Facility. We continue to explore opportunities to build upon this progress.

House Bill 3078, also passed during the 2021 regular session, provides that eligible offenders who have not been able to complete required programming while incarcerated, through no fault of their own, may complete those programs in the community as a condition of parole. To that end the DCR has established relationships with numerous community providers, and the Parole Board can now release offenders with these programming requirements as additional conditions of their supervision.

# Message: WV DCR Commissioner

Finally, the Non-Violent Offender Parole Program, enacted into law in 2020, was implemented in July 2021. This statute allows offenders who are non-violent and who have completed their required programming to be released directly at the time of their first parole eligibility, without having to see the Parole Board. As of December 2021, over 150 inmates have been released pursuant to this new program.

While the pandemic has caused significant changes to our operations and our lives we are nonetheless continually striving to improve and expand our programs and capabilities.

As you read this annual report, and the accomplishments noted herein, please think about a friend, loved one, or someone you know who may be interested in being part of our team. We have a place for them, and their local facility would welcome the opportunity to speak with them about the career opportunities that are available in corrections. You will find contact information for all DCR locations in the back of this report.

As always, we want to thank the Governor and all those who have been supportive of our staff and our mission. We are deeply appreciative.

Betsy Jividen, Commissioner, WVDCR

# WV DCR Accomplishments

## Corrections Academy Adopts Blended Learning Format

- Due to the Pandemic, in FY 2021, the Corrections Academy experienced 2 full training shutdowns totaling nearly a 7-month stoppage of operations, which caused the agency waiting list for Basic Training to exceed 600 employees. By implementing a “blended learning” format, wherein new employees receive the lecture portion of Basic Training virtually, followed by the hands-on skills training at their facility, the waiting list has been reduced to less than 100, which is less than the number on the waiting list when the Pandemic began in March 2020. While doing this, staff of the Bureau of Training and Staff Development have continued to work to better the content of the Training, revising, or developing 16 of the 37 courses offered in Basic Training, to bring the curriculum further in line with statutory mandates or nationally accepted best practices.

## Inmate Assaults Decline

- Inmate-on-inmate assaults dropped 11% between FY2020 and FY2021, resulting in safer facilities.

## PREA Accomplishments

- The Office of PREA (Prison Rape Elimination Act) Compliance was established within the Inspector General’s Bureau. This office conducted nearly 300 PREA complaint reviews during FY2021 and assisted with PREA audits at eighteen facilities.

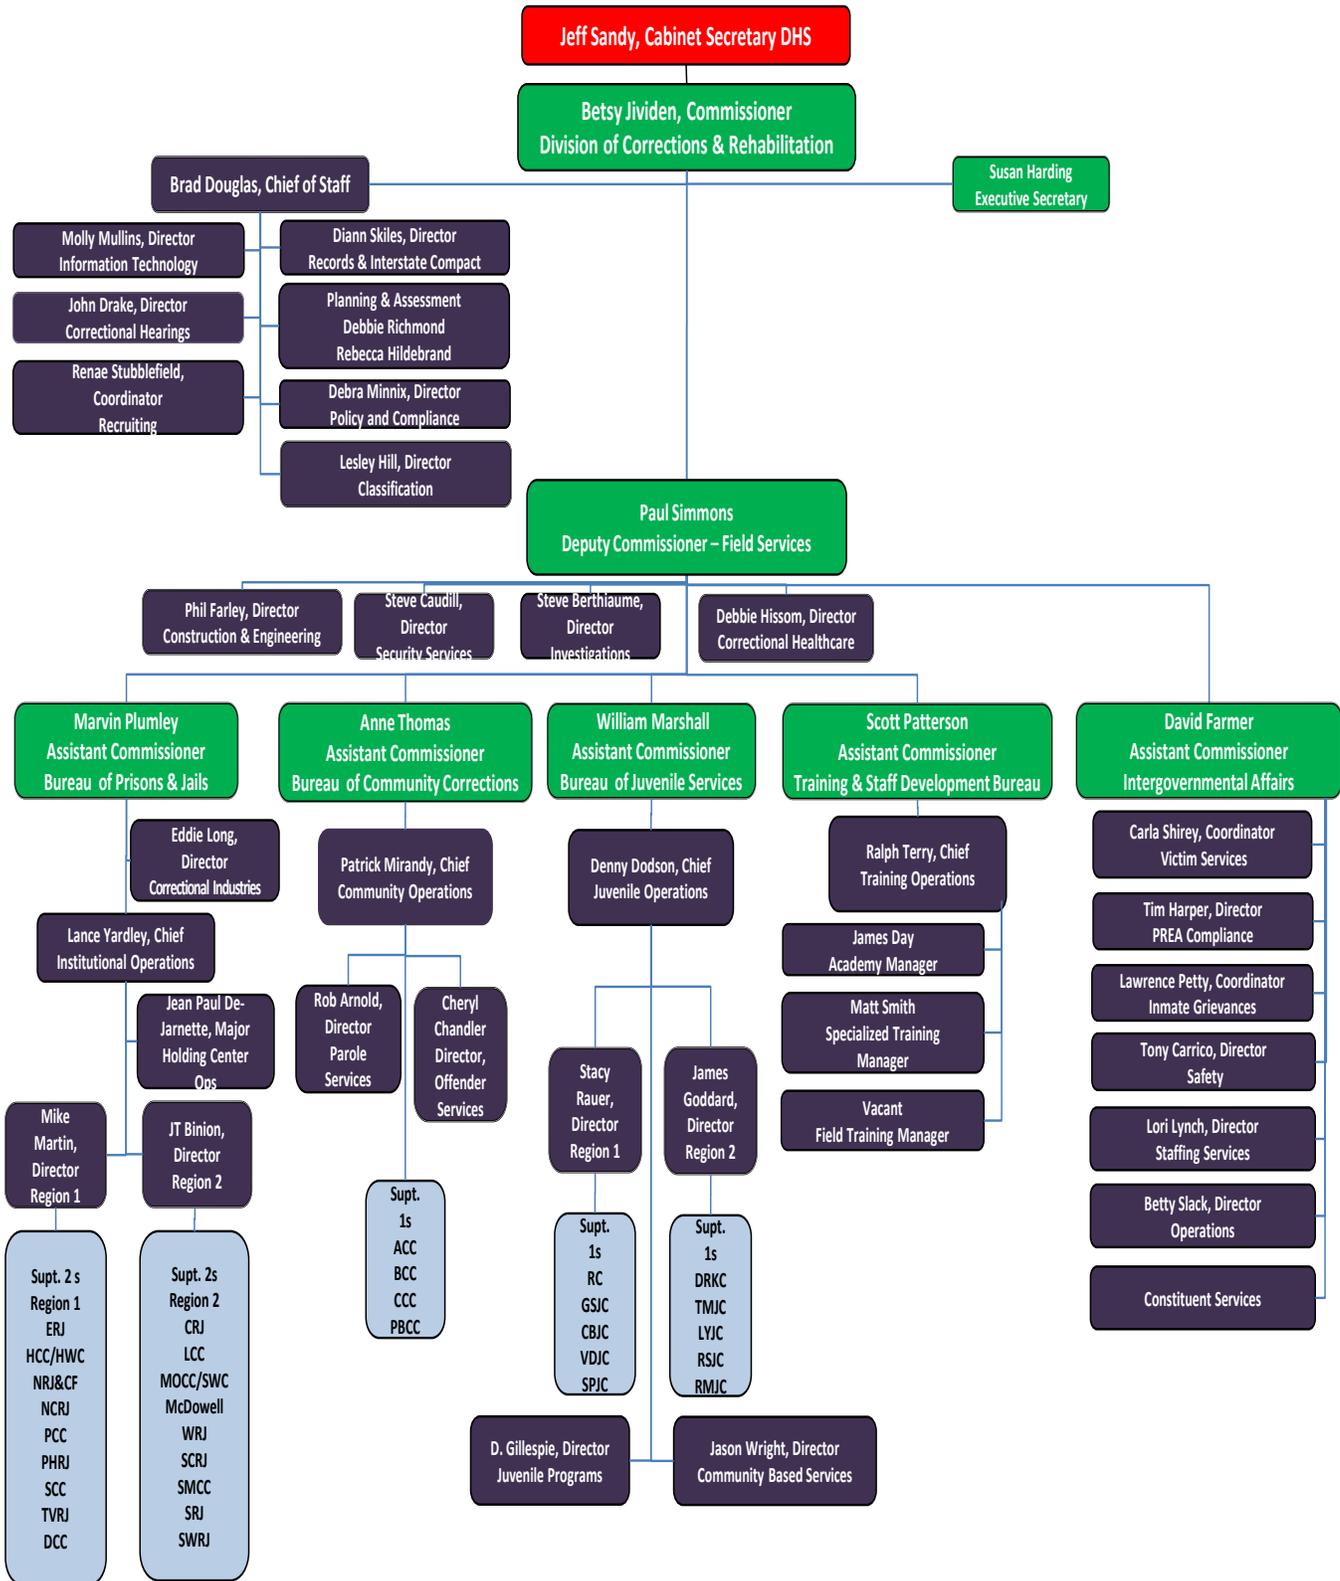

## PREA Audit Teams

- During the ongoing COVID-19 pandemic, the Office has also formed audit teams to ensure adherence to DCR’s response policy.

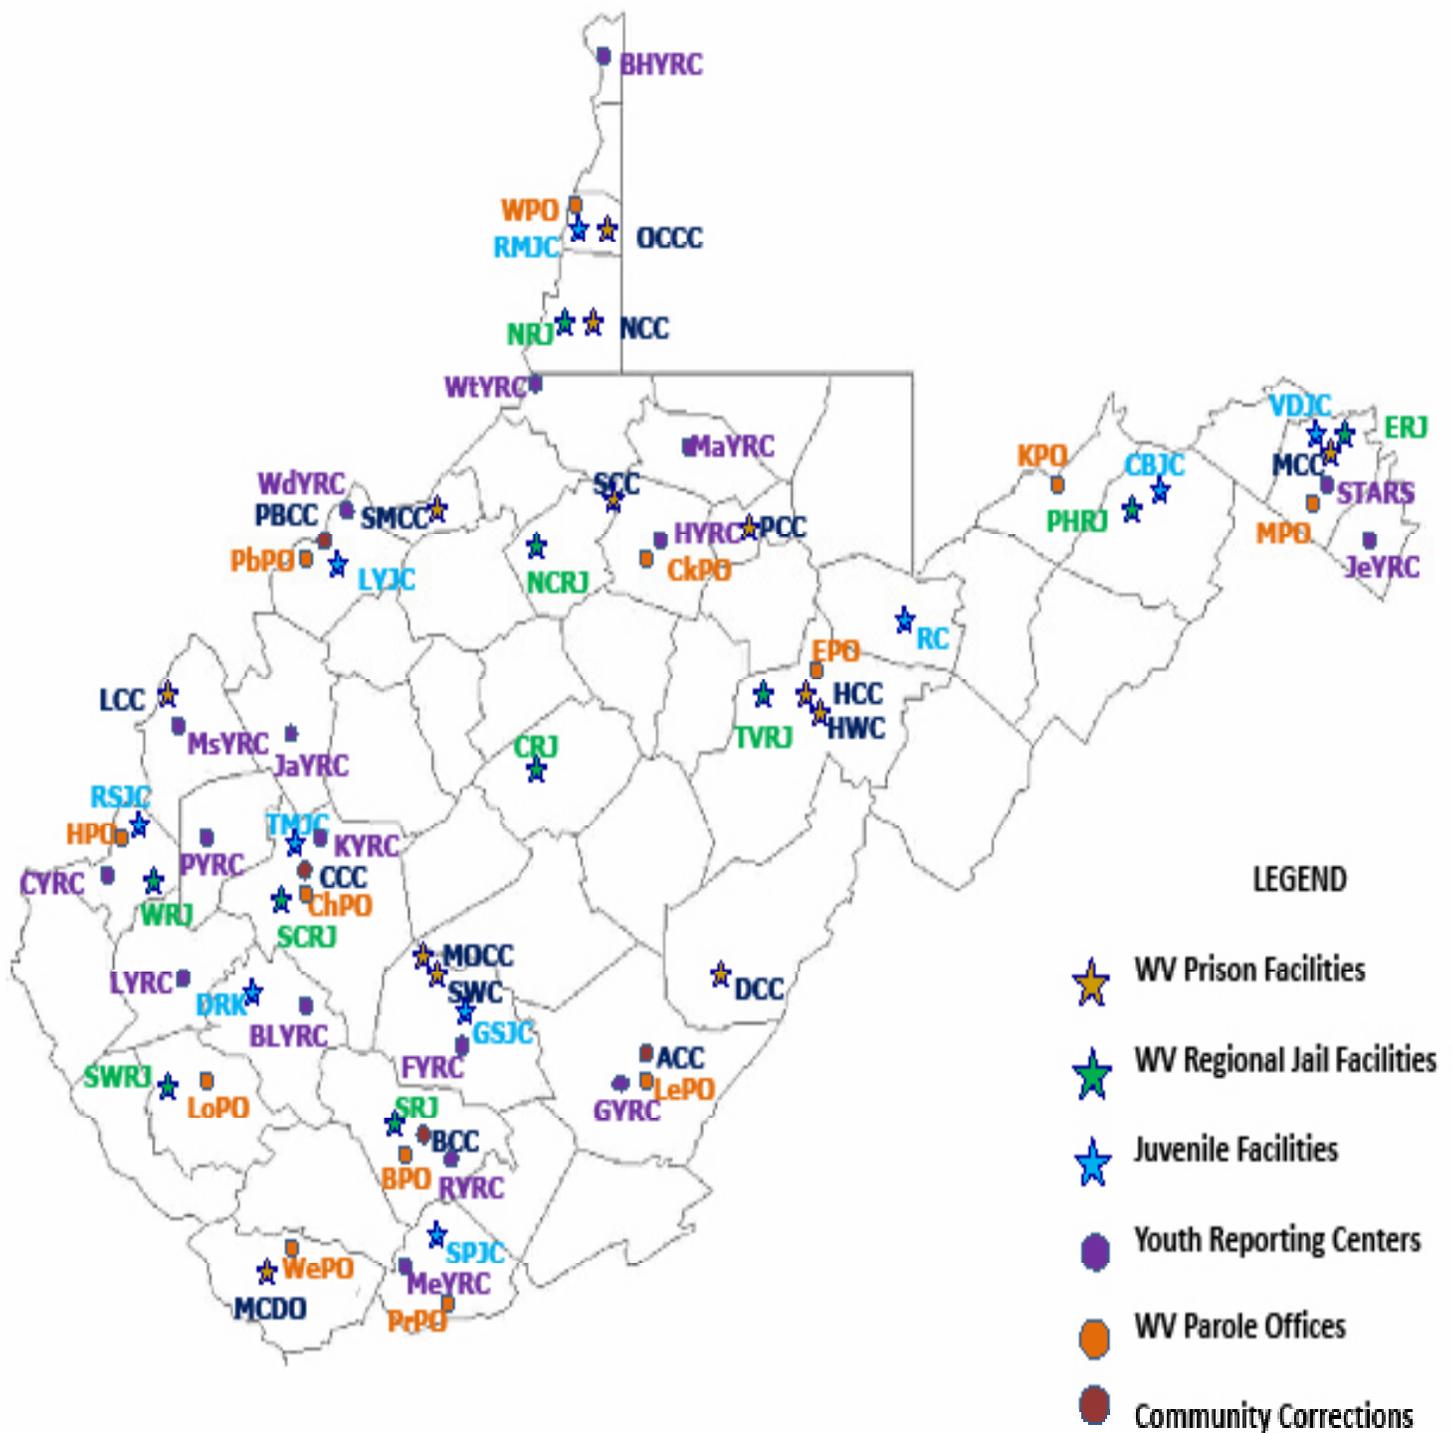

## Correctional Industries Accomplishments

- Correctional Industries shops continued to operate throughout the pandemic and into FY21 to produce all items needed by the DCR, National Guard and other State agencies. Hand sanitizer was produced at the Industries shop at Pruntytown Correctional Center and Jail. The partnership with the National Guard allowed the Correctional Industries inmates to expand their contribution to West Virginia’s COVID-19 response effort, with the more than 174,000 masks and 20,000 gowns they have made and distributed statewide.

# Parole Services Statistics: Caseload by County

The map below shows the number of clients supervised by Parole Services, by county at the end of FY 2021. Kanawha County had the highest case load, followed by Cabell, Wood, Berkeley and Mercer Counties. Some reasons for these high numbers are the fact that Kanawha and Cabell Counties have high populations compared to the rest of the state, while Berkeley and Mercer border other states and supervise a large number of interstate compact cases.

Parole Services Clients by type June 30, 2021.

On June 30, 2021, there were 3663 total clients under the supervision of WVDCR Parole Services. Of those 3663 clients it should be noted that 1139 were out of state cases.

## Assistant Commissioner: Bureau of Juvenile Services

William Marshall was born in Point Pleasant and graduated from Wahama High School, Marshall University and the W.V. State Police Academy. Marshall began his State Police career in Huntington, where he was awarded the 1995 National Association of Police Organizations (NAPO) West Virginia Police Officer of the Year. He later received Honorable Mention for NAPO National Police Officer of the Year. After a tour of duty in Ripley, Marshall transferred to the Interstate Drug Interdiction Team. He was then selected to work on the W.V. Worker's Compensation Fraud Task Force. He also spent time assigned to the drug task forces in Charleston and Parkersburg.

Such distinguished service led to Marshall's selection to the IRS Criminal Investigation Division's Fraud Task Force, working out of the U.S. Attorney's Office for the Southern District of West Virginia in Charleston. While there, he received commendations for outstanding investigative work. He also received a deputation from the U.S. Marshal's Service. Marshall was promoted to Sgt. in 2006 and named Commander of the Pleasants County Detachment. ## Assistant Commissioner: Intergovernmental Affairs Bureau

Mr. David Farmer began his career with the WVRJA in February 2002 as the Director of Inmate services at the South Central Regional Jail in Charleston, WV. He was appointed as the Administrator of the Southwestern Regional Jail in Logan, WV in December of 2011. He remained in that position until being appointed as Director of the Academy/ Deputy Chief of Operations in August 2014. Mr. Farmer was appointed Executive Director of the Regional Jail and Correctional Facility Authority on June 1, 2015. In July 2018, Mr. Farmer was appointed Assistant Commissioner of Intergovernmental Affairs Bureau where he now oversees Constituent and Victims Services, Inmate Grievances Coordinator, Director of Operations, Director of Safety and Loss Control, Director of Staffing Services and the Director of PREA Compliance.

The Office of Constituent Services serves as a liaison between the WV Division of Corrections and Rehabilitation and the community by providing information to address concerns regarding conditions of confinement and delivery of timely information. The role of this office is to provide an avenue for the general public to obtain and express concerns on relative issues to the division. During FY21, this office answered approximately 400 calls/emails regarding issues/concerns of offenders in WVDCR.

The Office of Constituent Services maintains Employee Grievances for the Division. The Administrative Hearing Examiner administers the Level I Grievance process for approximately 4000 employees that fall within the Division of Corrections and Rehabilitation. All Level I Grievance Hearing decisions are submitted to the Chief Hearing Examiner of the WV Division of Corrections and Rehabilitation, for review and final sanction. If the Grievant is not satisfied with the Hearing Examiner's response at Level I, the Grievant may appeal to the State Employees Grievance Board.

During the fiscal year 2020-2021, there were approximately eighty-six Level I grievances filed; eighteen terminations/suspensions, eight written reprimands, sixteen pay/promotion related issues, twenty-four job position/classification related issues, seven related to leave/time, eight in relation to hostile work environment/EEO and two pertaining to face masks and one over an employee performance appraisal. Level I outcomes included three granted, two granted in-part, forty-five denied, fourteen withdrew, and twenty-two waived.

The Victim Services Program offers direct services to victims of crime in all 55 counties in West Virginia for the West Virginia Division of Corrections and Rehabilitation. Carla Shirey, is the VSS (Victim Services Specialist) and provides services to victims by registering them in the OIS data base and registering them with the WV Victim Notification Everyday (VINE) notification program.

During FY21, Ms. Shirey has provided direct services to 356 victims of crime. Part of the services included attending 147 parole hearings with victims of all types of crime. While targeting the underserved population of victims of homicide in West Virginia, Carla has assisted 69 families of deceased victims of homicide. In addition, the VSS has Victim Services Representatives (VSR's) staff on-site at WVDCR facilities that are also trained to offer direct services.

**Staffing Services: Lori Lynch, Director**

The Staffing Services section supplies the Commissioner and Deputy Commissioner with the information needed to balance the personnel resources available with the needs of the facilities and work units within the entire Division. With an everchanging inmate and resident population, staffing audits are ongoing to ensure that resources are shifted as the Commissioner deems necessary. Staffing Services assists all Bureaus of the WV Division of Corrections & Rehabilitation, with the utilization of available personnel positions to insure that the resources are in place to fulfill the mission of each Bureau.

**Grievances: Lawrence Pettey: Inmate Grievance Coordinator**

The Grievance Coordinator reviews 3rd level inmate grievances to insure due process and propriety of grievances filed by inmates, while protecting the interests of the Division and State.

**PREA Compliance: Tim Harper, Director**

This office was established to ensure compliance of the standards of the Prison Rape Elimination Act. Due to the COVID-19 Pandemic, many audits had to be rescheduled during FY20; the two facilities that did receive accreditation were the Sam Perdue Juvenile Center and Southern Regional Jail and Correctional Facility.

**Safety & Loss Prevention Department: Anthony Carrico, Director**

Goals of this office include the reduction of workers compensation experience modification ratings, improve return to work participation and review inspection principles, safety strategies and overall consistency and uniformity with all facilities.

**Operations Department: Betty Slack, Director**

The Director of Operations oversees the contract management of all inmate services contracts; manages the internal audits section; and serves as the liaison for the Division of Corrections and Rehabilitation and the Department of Administrative Services.

# WV DCR Employee of the Year

Melissa Richmond, Corrections Unit Manager at Beckley Correctional Center and Jail was selected as the overall 2020 Employee of the Year for the Division of Corrections and Rehabilitation. During the COVID Pandemic, Melissa carried the workload of three different leadership positions, as well as other subordinate staff, in their absence. She managed highly stressful situations created by COVID among staff and offenders and oversaw contact tracing for the entire facility and acted as the point of contact for the Department of Health and Human Resources.

Melissa's perseverance and commitment to ensuring that the facility functioned during challenges on so many fronts, and her willingness to assume the extra workloads and responsibilities in that regard, demonstrate a work ethic that is worthy of this special recognition. Melissa's care and concern for all staff was also shown through her daily checks on them and their families. This Division, in its entirety, takes great pride in all that Melissa unselfishly gives and does. Her outstanding performance in this respect, as well as her accomplishments and leadership skills, are a positive reflection of this Division.

Congratulations Melissa and to all the other nominees from throughout the DCR. Your work performance, professionalism, and dedication to the Division are recognized and commended!

Betsy Jividen, Commissioner, WVDCR
