Commissioner,
Division of Corrections and Rehabilitation

Strong Leadership. Transparency. Accountability.

As Secretary of the West Virginia Department of Homeland Security, I am honored to present the Fiscal Year 2025 Annual Report for the West Virginia Division of Corrections and Rehabilitation. This year reflects disciplined leadership, strong coordination with the Governor's Office, and a firm commitment to transparency and accountability.

Our mission remains clear: enhance public safety, hold offenders accountable, and empower them for successful reintegration into society. Under Commissioner Kelly's direction, and through the dedication of nearly 4,000 correctional professionals, OCR has continued to stabilize its workforce, enhance training, and expand opportunities for the men and women serving in this vital public-safety role. Their professionalism and resilience are the foundation of every improvement we make.

FY 2025 also brought important progress in facility upgrades and modernization efforts that strengthen security and create safer working environments. These achievements reflect this administration's priorities and our focus on systems, consistent processes, and outcomes that can be demonstrated:

Looking ahead, we will continue building on the efforts of our employees, supporting strong leadership, and improving the structures and practices that keep our institutions secure. The administration stands behind these efforts and deeply values the dedication shown by staff at every level. Their work drives the steady, accountable progress West Virginians expect and deserve.

Sincerely

Safety. Rehabilitation. Positive Change.

As Commissioner of the West Virginia Division of Corrections and Rehabilitation, it is with great pleasure that I present the Annual Report highlighting the achievements and challenges made in Fiscal Year (FY) 2025.

Our Division has remained focused on our core mission, enhancing public safety, promoting offender accountability, and successfully reintegrating offenders into society. We have continued to enhance staff training, expand opportunities for education and growth for our employees and offenders. These efforts are a true testament to our mission and belief for a positive change and the importance of second chances.

I want to express my gratitude to the Correctional Officers and non-uniform staff, whose professionalism, diligence, and compassion are the foundation of our work. Their unwavering commitment ensures the effective operation of our facilities and the well-being of those entrusted to our care.

While our Division has made significant advancements, we recognize that challenges remain. The Division is committed to ongoing improvement, transparency, and accountability in all aspects of work. Guided by our core values and a shared vision for a safer and more just society, we will continue to make an impact in the year ahead.

Sincerely,

Accomplishments

Training and Staff Development

During Fiscal Year 2025, a total staff of 630 individuals graduated from Corrections Academy. This includes 518 Correctional Officers, 7 Parole Officers, 25 Non-uniform Staff, and 80 Support Staff. By implementing a strong recruitment strategy, which includes television and radio advertisements, social media campaigns, and close collaboration with the West Virginia Department of Commerce Marketing and Communications, we are continuing to see further reductions.

Facility Updates

Stevens Correctional Center and Jail

Following HB 3456, passed by the West Virginia Legislature this year and signed by Governor Patrick Morrisey, Stevens Correctional Center and Jail was officially transferred to WVDCR and is no longer operating as a county-run correctional facility.

Anthony Correctional Center and Jail

Facility Replacement Project

In the phase 2 project, there are four new buildings being built.

The construction on the project is projected to be completed by the Spring of 2026. The facility will house adult offenders from the age of 18 to 25. There will be 80 male offenders housed in the existing Building 'B' and there will be 32 female offenders housed in the new Female Housing Building. The new Vocational Education building was built inside the perimeter security fence and will allow for any offender to take welding classes. The Automotive Shop class was moved to Building B. Prior, only certain levels of offenders were able to take the two classes.

Electronic Security System Projects at 10 Regional Jail and Correctional Facilities

The existing electronic security system, that controls all of the doors and gates, at the 10 Regional Jails and Correctional Facilities was an outdated analog based system. The existing electronic security system is being replaced with a state of the art new electronic security system. The construction on the project started at the beginning of 2025 and will be completed in 2027. The new electronic security system has been installed in 5 of the 10 Regional Jail and Correctional Facilities.

Huttonsville Correctional Center and Jail

Fire Suppression Sprinkler System Project

Huttonsville Correctional Center and Jail originally opened in 1939. Prior to 1992, none of the existing buildings that were original or added were protected by the fire suppression sprinkler system. Any additional buildings that were added since 1992 had the fire suppression sprinkler system installed. Construction of the project started at the beginning of 2025 and will be completed in 2026. All required buildings will be protected by the fire suppression sprinkler system at the facility once the project is completed.

Accomplishments

Programs and Services

Community Service

During Fiscal Year 2025, a total of 135,367 hours of community service were completed by eligible residents, offenders, and parolees across 11 facilities. These community service activities encompassed various initiatives, including community and highway cleanups, as well as community beautification projects.

Policies and Audits

The Policy and Audit Section completed their three year goal of conducting policy audits of all WVDCR residential facilities early and began the second round of audits to ensure continued compliance with current agency Policy Directives. Policy revisions and other steps toward American Correctional Center accreditation continue across the agency.

Prison Rape Elimination Act Compliance

All facilities within the agency, both adult and juvenile achieved PREA (Prison Rape Elimination Act) compliance in 2025. The PREA Audits that were completed and received accreditation during FY25:

Programs and Services continued ...

Recidivism

The West Virginia Division of Corrections and Rehabilitation (WVDCR) is utilizing targeted programs such as RSAT and GOALS to combat the state's ongoing opioid crisis within its correctional facilities. The Residential Substance Abuse Treatment (RSAT) program delivers intensive, evidence-based substance use treatment in residential settings across eight facilities, encompassing over 510 treatment beds (including GOALS). RSAT aims to interrupt the cycle of addiction and incarceration by equipping individuals for successful reintegration and connecting them with community-based care upon release.

The Getting Over Addicted Lifestyles Successfully (GOALS) program, implemented within regional correctional facilities, provides rehabilitative education and treatment to individuals with offenses related to substance use. It functions as both an intervention mechanism and a route to the reinstatement of driving privileges, thereby incentivizing recovery and facilitating reintegration into society.

The WVDCR additionally collaborates with community organizations to offer peer recovery support services, medication-assisted treatment (MAT), and transitional planning, aiming to mitigate overdose risk and recidivism. These synchronized endeavors underscore a comprehensive approach to addressing addiction through therapeutic intervention and rehabilitation, rather than solely through incarceration.

Groups Recover Together, dedicated to evidence-based mental health and substance use support, has visited all Getting Over Addicted Lifestyle Successfully (GOALS) units in the jails and plans to visit all Residential Substance Abuse Treatment (RSAT) programs in the prisons. Their flyer is available on offender tablets, allowing offenders to request assistance and support for reentry. These efforts aim to reduce recidivism by providing ongoing support before and after release.

Financial Literacy and Family Dynamic Courses from the Change Company were added to the RSAT and GOALS curriculum, providing offenders with practical life skills that support successful reentry and reduce the likelihood of reoffending.

The Junior Totten Award was created this year to honor outstanding Religious Volunteers, inspired by Mr. Totten's 50+ years of service. Three recipients were recognized in the inaugural year. Positive mentorship and spiritual guidance are important in supporting offenders and reducing repeat offenses.

DCR launched an online training and tracking system for volunteers with the help of the WVDCR Academy to address scheduling challenges. This ensures all volunteers are properly trained, supporting a stable environment that can help lower recidivism rates.

There have been ten Substance Abuse Therapists who completed Training for Trainers through the Change Company, enabling them to train new facilitators and expand access to substance abuse treatment.

Accomplishments

Community Partnerships

The conclusion of the Prestera Pilot Program at Western Regional Jail was a success, leading to better engagement and well-being among participants. Prestera's services- including crisis support, health and wellness, outpatient care, and substance use services- were well received by both inmates and staff. The program saw fewer incidents needing intervention and strong support for expanding these services. Based on the pilot's success, Prestera will now provide services at South Central Regional Jail with a dedicated Case Manager. This expansion will follow the proven model from Western Regional Jail, adapted to local needs of the area.

The Offender Services Department of WVDCR partnered with the Martinsburg Initiative to provide parenting programs to Eastern Regional Jail offenders. These programs can assist with custody issues and court-ordered requirements, strengthening family ties and supporting lower recidivism rates.

Northern Regional Jail piloted the Vasco Translator V4 in July 2025, supporting 110 languages both verbally and in writing. Early results are very positive, helping non-English speaking access programs that support reentry and reduce recidivism.

Events

Corrections Day at the Legislature

On February 25, 2025, the West Virginia Legislature issued a citation and resolution to formally recognize the West Virginia Division of Corrections and Rehabilitation (WVDCR) for its service and contributions to public safety. The event, attended by officials from the West Virginia Department of Homeland Security and WVDCR, underscored the WVDCR's unwavering dedication to improving public safety, ensuring offender accountability, and successfully reintegrating offenders into society.

Mock Prison Riot

The 28th Annual Mock Prison Riot was held at the historic West Virginia Moundsville Penitentiary from May 4-7, 2025. This event attracted a total of 808 attendees representing 32 states and 8 countries. The agenda featured a skills competition, an awards ceremony, various workshops, training scenarios, and demonstrations of advanced technology. The event concluded with a Charitable Golf Tournament at the Oglebay Golf Course.

Second Chance Job Fairs

As a part of DCR's mission to successfully integrate offenders into society, South Central Regional Jail continued to host Second Chance Job Fairs and Parkersburg Correctional Center hosted its first one and it was a tremendous success. The initiative is designed to connect offenders with local employers and workforce contacts, providing a vital pathway to stable employment upon release. DCR partners with the West Virginia Schools of Diversion and Transition and West Virginia Jobs and Hope to assist with the coordination of these events and utilize resources for the offenders.

Feedback from employers was overwhelmingly positive. The success of these events underscores the importance of second chances and the role of employment in reducing recidivism. DCR is proud to continue these job fairs for offenders as they work toward brighter futures.

Accomplishments

Employee of the Year

The 2025 Employee of the Year Ceremony was held at the WVDCR Corrections Training Academy in May 2025. Congratulations to all the award recipients.

Corporal Edward Roby from Potomac Highlands Regional Jail was named the agency's Employee of the Year.

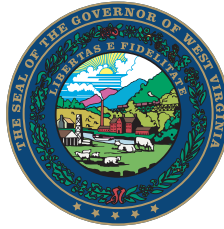

Corporal Roby has exemplified the mission and values of the WVDCR through his commitment to public safety, passion for recruiting and strong work ethic.

Corporal Roby began his career as a Correctional Officer with the WV Regional Jail Authority in 2000, serving until 2005. He returned to the Potomac Highlands Regional Jail and Correctional Facility in December 2023, quickly becoming an indispensable member of the Transportation Department, where he was initially one of only two officers responsible for this duty for over a year.

In January 2025, Corporal Roby volunteered to arrive early to supervise and mentor less experienced staff in a new method of administering suboxone, aiming to mitigate hoarding, selling, and trading. His dedication and commitment are evident in the significant hours he has worked over the past two years.

Even after receiving the agency's Employee of the Year award, Corporal Roby successfully earned a spot on the C.E.R.T. unit. His willingness to consistently go above and beyond makes him a role model for other officers, and his Superintendent considers both himself and the agency fortunate to have him.

Office of the Commissioner

OFFICE OF THE COMMISSIONER

Commissioner

David L. Kelly serves as Commissioner of the West Virginia Division of Corrections and Rehabilitation, appointed by Governor Patrick Morrissey in June 2025. With a career spanning more than four decades in law enforcement, government, and ministry, Kelly brings deep institutional knowledge, frontline experience, and principled leadership to West Virginia's correctional system.

Kelly began his public service journey in Pleasants County, where he worked as a dispatcher, correctional officer, and sheriff's deputy. He went on to serve two terms as Pleasants County Sheriff, earning community respect for his steady leadership and commitment to justice. He later worked as a criminal investigator in both the private sector and through the Tyler County Prosecuting Attorney's Office, gaining firsthand insight into the complexities of criminal investigations and legal proceedings.

His dedication to public service extended into elected office, where he served as a Tyler County Commissioner before being elected to the West Virginia House of Delegates. During his time in the legislature, Kelly served as Deputy Speaker of the House, was a member of the influential House Judiciary Committee, and chaired both the Committee on Jails and Prisons and the Select Committee on Prevention and Treatment of Substance Abuse. He was a key voice in efforts to address jail overcrowding, enhance correctional officer pay, expand addiction recovery programs, and implement meaningful rehabilitation and reentry services for incarcerated individuals.

In addition to his law enforcement and legislative experience, Kelly has served as the senior pastor of Faith Fellowship Ministries in Wetzel County since 1998. His pastoral work has shaped a leadership style grounded in empathy, accountability, and a commitment to human dignity.

As Commissioner, Kelly is focused on strengthening West Virginia's correctional facilities by addressing critical staffing shortages, improving retention, and expanding training opportunities for correctional officers. Under his leadership, Kelly hopes to build on the vision of the West Virginia Division of Corrections and Rehabilitation by continuing to enhance its officer training program to better prepare new recruits for the demands of the job, promote safety within facilities, and support long-term career development. He remains committed to advancing strategic reforms that prioritize public safety, elevate standards of inmate care, and reduce recidivism. Kelly leads with a vision of justice that is firm, fair, and rooted in faith.

He and his wife, Jan, live in Sistersville. They are proud parents and grandparents, active in both their church and local community.

Number of Clients Supervised

The map to the right shows the number of clients supervised by Parole Services, by county at the end of FY 2025. Wood County had the highest case load, followed by Cabell, Kanawha, Raleigh and Berkeley Counties. Some reasons for these high numbers are the fact that Kanawha and Cabell Counties have high populations compared to the rest of the state, while Berkeley borders other states and supervises a large number of interstate compact cases.

Clients by Type – June 30, 2025

On June 30, 2025, there were 2926 total clients under the supervision of WVDCR Parole Services. Of those 2926 clients it should be noted that 1124 were out of state cases.
